FIELD TRIP SCHEDULE

Our field trip chairman, J. S. Brown, has these interesting field trips lined up. Meeting time each Saturday is 1:30 PM.

August 8 - Jennings Blazing Star Prairie

Virginia Phelps, leader.

Meet at the parking lot on state route 578, near the junction of routes 173 and 8, northwest of Butler. Liatris spicata should be at its peak.

August 15 - Hormone State Park

Esther Allen, leader.

Enter the day use area from route 422 between Prospect and I-79. Pass the Administration Building, then take the first right to a parking lot near the boat renting area. Picnic tables and rest rooms are provided.

This is a new area for our group. Our leader has found some interesting plants, including marsh St. Johnswort.

August 22 - Markleysburg Bog

J. S. Brown, leader.

Meet on state route 301, south of Ohiopyle, at U. S. 40 at Farmington.

Assistance of anyone who remembers the area is requested.

We have timed this to see the yellow fringed orchis.

August 29 - Raccoon Creek Park Nature Reserve

Virginia Craig, leader.

Enter from U. S. 30 just west of Raccoon Creek.

Cardinal flower should be at its peak.

September 5 - Plainsgrove Bog

J. S. Brown, leader.

Leave I-79 at the Slippery Rock exit. Drive west on state route 104. At the first crossroad turn right, and park at the Presbyterian church across from cemetery.

We should see Grass-of-Parnassus.
