## DR. MARY JOY HAYWOOD TO NEW GUINEA

Our president, Dr. Mary Joy Haywood, will be spending the first three months of her sabbatical in the missionfields of New Guinea. What will she be doing there? Whatever they ask of her!

Her address -

Mary Joy Haywood, R.S.M.  
c/o Bishop Firmin Schmidt, O.F.M.Cap.  
P. O. Box 69, Mendi  
Mendi Southern Highlands  
Papua, New Guinea

## BOTANICAL SOCIETY ENTRY WINS

Dr. Mary Joy Haywood entered our Fort Necessity project in the "Take Pride in Pennsylvania" competition. We won third place!!!!

COMMONWEALTH OF PENNSYLVANIA  
DEPARTMENT OF ENVIRONMENTAL RESOURCES  
2150 Herr Street  
Harrisburg, Pennsylvania 17103-1625  
November 23, 1988

Mary Joy Haywood, President  
Botanical Society of Western Pennsylvania  
3333 Fifth Avenue  
Pittsburgh, PA 15213

Dear Ms. Haywood:

Your entry in "Take Pride in Pennsylvania" has been selected a third-place winner by our panel of judges.

Every Pennsylvanian owes you a debt of gratitude for your work, time, and effort spent to preserve Pennsylvania's natural, cultural, and historic resources.

Please accept my thanks on behalf of the people of Pennsylvania.

Sincerely,

*William C. Forrey*  
William C. Forrey, Director

JANUARY 1989

Our 103rd Year

## TRILLIUM GRANDIFLORUM

This free-hand sketch of the large-flowered trillium was made by Sara Nasuti, age 8. We'll consider Sara a member of the Botanical Society by virtue of her grandparents' family membership. Proud grandparents are Anne and Bob Bahl.

## "PLANTS OF THE BIBLE" AT PHIPPS

Phipps Conservatory's 1989 "Plants of the Bible" tour begins January 28, 1989. This tour takes you into the natural world of the Mediterranean in biblical times.

After an introduction which sets the stage for the trip back in time, guests see and learn about many of the plants which were important in the lives of these ancient people.

This event takes place three weekends and two weekdays:

Saturday	Sunday	Wednesday
January 28	January 29	February 1
February 4	February 5	February 8
February 11	February 12	

The times on weekends are 1:30, 2:30 and 3:30. On weekdays they are 11:00, 12:00 and 1:00.

Each tour lasts approximately one hour. The cost of admission is \$2.25. Reservations must be made in advance. The touring groups are small and space is limited. For information or reservations, please call Phipps Friends office at 622-6958.

In the past six years, more than 4500 visitors have seen Phipps Conservatory's "Plants of the Bible" tour. If you have not been among them, you have missed an unusual opportunity to "be there" in a period of history that is important. I hope that you will be a Bible tourist this year. You will enjoy the trip.

- Anne Bahl

## DECEMBER ELECTION RESULTS

President = Dr. Mary Joy Haywood  
Vice-President = Mary Lou Brown  
Recording Secretary = Virginia A. Phelps  
Corresponding Secretary = Robert F. Bahl  
Treasurer = Walter J. Gardill  
Field Trip Chairman = Scott J. Shriver

## BOTANY BAY

Answer to last month's trivia question:

Botany Bay is an inlet of the Tasman Sea, just south of Sydney, Australia. It was visited by Capt. James Cook (1770) and given its name by Sir James Banks, the botanist in Cook's crew, for the variety of new flora he found on its shores.

## DUES ARE DUE

Have you sent in your dues for 1989?
