**MAY MEETING**

Our next meeting - Monday, May 8 at 8 P.M. - at Trinity Hall, Carlow College, 3333 Fifth Ave., Oakland.

Edie Mock will present a program, "Pleasure in a Pathless Wood."

**WILDFLOWERS OF PENNSYLVANIA**

The next meetings of our committee for the Wildflower Book will be April 24 and May 16 at 7 P.M. at Carlow College.

- Betty Putnam

**BOB BUCKBEE**

We enjoy keeping up with what the group is doing but won’t be going on any field trips for a while yet. Won’t be able to lead the local Spring Flings in Enlow Valley either as Bob had a severe stroke on our way back to Florida last May after leading the last one. Was in a hospital in North Carolina for two months. He is back and hope to make it to one of your outings maybe next year.

- Arabelle Wheatley

**MAY FIELD TRIP SCHEDULE**

All field trips are on Saturdays. The rendezvous time is 1:30 P.M. If you have any questions, call our Field Trip Chairman, Scott Shriver, at 741-9249.

- Scott Shriver

**5-8-89 - POLAND MUNICIPAL FOREST, Mahoning County, Ohio**

- Jim Stull

**5-13-89 - CANOE CREEK STATE PARK, Blair County, Pa.**

- Robert P. Walk, Sue 401 Quirklev, *▼«. Pittsburgh, Pa., 15205 (412) 921-1797

**5-20-89 - SHALE BARRENS, Mineral County, W. Va. and FORD HILL RESERVE, Allegany County, Md.**

- Robert P. Walk, Sue 401 Quirklev, *▼«. Pittsburgh, Pa., 15205 (412) 921-1797

**5-27-89 - PRESQUE ISLE STATE PARK, Erie County, Pa.**

- Dr. Mary Joy Haywood

**TITUS BOG REMINDER**

If you’re planning to visit the Titus Bog Sanctuary (owned jointly by the Botanical Society and the Presque Isle Audubon Society) you are reminded of the following:

1. Scheduled field trips are limited to two per year.
2. Random patrols are still being made at the Sanctuary.
3. Unscheduled visits should be made known to Sanctuary Chairman, Jim Stull, at 661 Benson Rd., Waterford, PA 16441 or phone (814)796-2070.
4. Try to limit the number in your party to six people.
5. No collecting of plants or animals is permitted.

**VIRGINIA CRAIG**

Mary Joy is back from her round-the-world adventure. She surprised us by popping up at the April meeting.

**RED DOTS**

Are those red dots still in front of your name on the envelope? If so, have you sent in your 1989 dues?

5-20-89 - SHALE BARRENS, Mineral County, W. Va. and FORD HILL RESERVE, Allegany County, Md.

From Pittsburgh, take I-79 south to Morgantown; US 48 to Cumberland; and US 220 south. On Rte. 220, go about 8 or 9 miles north and look for Barton’s Restaurant (large plastic cow in front), where we will meet our leader. It is reasonable to assume we will see these species in bloom at Ford Hill Reserve - Campanula rotundifolia (Marebell), Delphinium tricorne (Swirl Larkspur), and Dodecatheon amethystinum (Shooting Stars).!! Leader, Dick Sluss.

5-27-89 - PRESQUE ISLE STATE PARK, Erie County, Pa.

Drive north on I-79 to Erie (where I-79 ends) and follow signs directing to Presque Isle. Meet at Park Administration Building. We hope to see Lithospermum croweum (Hairy Puccoon) and Lupinus perennis (Wild Lupine). Members should be prepared to protect themselves against ticks. Light colored clothing with no (or little) exposed skin and a 50% Deet spray will be helpful! Leaders: Evelyn Anderson and Bob Sundry.

6-3-89 - TITUS BOG, Warren County, Pa.

Our own bog, jointly owned by the Botanical Society and the Presque Isle Audubon Society! As always, we plan to meet at the Rte. 6 rest stop just east of the Rte 89 junction between Union City and Corry. Our hope is to see a prime display of Arethusa bulbosa (Arethusa) and other bog endemic plants. Leader: Esther Allen.

- Scott Shriver
